US ID	TC ID	Title	Preconditions	Steps	Expected Result	Actual Result	Status	Priority
US-G-001: Browse Jobs Without Authentication								
TC-G-001	Guest can open landing page	User is not logged in	1. Open site URL	Landing page loads successfully without errors	Landing page loads successfully	Pass	High	
TC-G-002	Guest can navigate to jobs listing page	User is on landing page	1. Click "Jobs" section	Jobs listing page opens	Jobs listing page opens	Pass	High	
TC-G-003	Guest can see all active job postings	Jobs exist in system	1. Open jobs listing page	List of active jobs is displayed	List of active jobs is displayed	Pass	High	
TC-G-004	Guest can view jobs details	Jobs exist	1. Click on a job posting 2. Open job details	Job details page opens with full information	Job details page opens with full information	Pass	High	
TC-G-005	Guest cannot apply without authentication	User is not logged in	2. Click "Apply"	Login / Signup prompt appears and applying is blocked	Login / Signup prompt appears	Pass	High	
TC-G-006	Guest is prompted to sign in when applying	User is not logged in	1. Click "Apply"	Login / Signup modal or page appears	Login / Signup modal or page appears	Pass	High	
TC-G-N-001	Guest cannot access application form directly	User is not logged in	1. Open apply URL manually	User is redirected to login page	User is redirected to login page	Pass	High	
TC-G-N-002	Guest session remains unauthenticated after refresh	User is not logged in	1. Refresh the page	User remains not logged in	User remains not logged in	Pass	Medium	
US-G-002: Search and Filter Jobs								
TC-S-001	Search jobs by keyword	User is on the jobs page	1. Enter a keyword in the search field 2. Press Enter	Job postings matching the search query are displayed	Job postings matching the search query are displayed	High	High	
TC-S-002	Search jobs by title	Jobs exist in the system	1. Enter a job title	Jobs with the matching title are displayed	Jobs with the matching title are displayed	High	Medium	
TC-S-003	Search jobs by description	Jobs exist in the system	1. Enter a word from the job description	Relevant job postings are displayed	Relevant job postings are displayed	High	Medium	
TC-S-004	Search jobs by skills	Jobs exist in the system	1. Enter a skill keyword	Jobs containing the specified skill are displayed	Jobs containing the specified skill are displayed	High	Medium	
TC-S-005	Empty search query	User is on the jobs page	1. Clear the search field 2. Press Enter	Full list of job postings is displayed	Full list of job postings is displayed	High	Medium	
TC-S-006	Search with no results	User is on the jobs page	1. Enter a non-existing query	Message "No results found" is displayed	Message "No results found" is displayed	High	Medium	
TC-F-001	Filter jobs by location type (Remote)	Jobs list page is open	1. Select Remote filter	Only remote jobs are displayed	Only remote jobs are displayed	High	High	
TC-F-002	Filter jobs by location type (Onsite)	Jobs list page is open	1. Select Onsite filter	Only onsite jobs are displayed	Only onsite jobs are displayed	High	High	
TC-F-003	Filter jobs by location type (Hybrid)	Jobs list page is open	1. Select Hybrid filter	Only hybrid jobs are displayed	Only hybrid jobs are displayed	High	Medium	
TC-F-004	Filter jobs by employment type (Full-time)	Jobs exist in the system	1. Select Full-time	Only full-time jobs are displayed	Only full-time jobs are displayed	High	High	
TC-F-005	Filter jobs by employment type (Part-time)	Jobs exist in the system	1. Select Part-time	Only part-time jobs are displayed	Only part-time jobs are displayed	High	Medium	
TC-F-006	Filter jobs by employment type (Contract / Freelance)	Jobs exist in the system	1. Select contract or freelance type	Only contract/freelance jobs are displayed	Only contract/freelance jobs are displayed	High	Medium	
TC-F-007	Filter jobs by category	Job categories are available	1. Select a category	Jobs from the selected category are displayed	Jobs from the selected category are displayed	High	High	
TC-F-008	Filter jobs by posted date	Jobs exist in the system	1. Select a date range (e.g., last 7 days) 2. Enter a search query	Results match both search query and filters	Results match both search query and filters	High	Medium	
TC-C-001	Combine search and filters	Filters are available	2. Apply filters	Results update dynamically without full page reload	Results update dynamically without full page reload	High	High	
TC-U-001	Search parameters persist in URL	Search is performed	1. Check the URL	URL contains search query parameters	URL contains search query parameters	High	Medium	
TC-U-002	Filter parameters persist in URL	Filters are applied	1. Check the URL	URL contains filter parameters	URL contains filter parameters	High	Medium	
TC-U-003	Filters persist after page refresh	Filters are applied	1. Refresh the page	All filters remain active	All filters remain active	High	Medium	
TC-D-001	Dynamic update of results	Jobs list page is open	1. Apply a filter	Results update dynamically without full page reload	Results update dynamically without full page reload	High	High	
TC-E-001	Special characters in search query	Search field is available	1. Enter special characters (@#%\$%^&*)	Search works correctly, system does not break	Search works correctly, system does not break	High	Low	
TC-E-002	Long search query	Search field is available	1. Enter a long text query	Search executes without errors	Search executes without errors	High	Low	
US-G-003: View Job Details (Guest User)								
TC-JD-001	Guest can open job details page	Jobs exist in the system	1. Open jobs listing page 2. Click on any job posting	Job details page opens successfully	Job details page opens successfully	High	High	
TC-JD-002	Job title is displayed	Job details page is open	1. View job header	Job title is visible and readable	Job title is visible and readable	High	High	
TC-JD-003	Company name is displayed	Job details page is open	1. View company information section	Company name is visible	Company name is visible	High	High	
TC-JD-004	Company logo is displayed	Company logo exists	1. View company branding section	Company logo is displayed correctly	Company logo is displayed correctly	High	Medium	
TC-JD-005	Job description is displayed	Job details page is open	1. Scroll to job description	Job description text is complete and readable	Job description text is complete and readable	High	High	
TC-JD-006	Required skills are displayed	Job includes skills	1. View skills section	Required skills are listed	Required skills are listed	High	High	
TC-JD-007	Job responsibilities / directions are displayed	Job details page is open	1. View responsibilities section	Job duties and directions are visible	Job duties and directions are visible	High	Medium	
TC-JD-008	Location type is displayed	Job includes location info	1. View job location info	Location type (Remote / Onsite / Hybrid) is visible	Location type (Remote / Onsite / Hybrid) is visible	High	High	
TC-JD-009	Job type is displayed	Job includes job type	1. View employment type info	Job type (Full-time / Part-time / Contract / Freelance) is visible	Job type (Full-time / Part-time / Contract / Freelance) is visible	High	High	
TC-JD-010	Posted date is displayed	Job details page is open	1. View job metadata	Posted date is visible	Posted date is visible	High	High	
TC-JD-011	Guest cannot apply from job details	User is not logged in	1. Click "Apply"	User is prompted to sign in or redirected to Login	User is prompted to sign in or redirected to Login	High	High	
TC-JD-012	Back navigation to jobs listing works	Job details page is open	1. Click "Back to jobs" or browser back button	User returns to jobs listing page	User returns to jobs listing page	High	High	
TC-JD-013	Job details page loads without errors	Job details page is open	1. Observe page behavior	No 404 / 500 / UI errors appear	No 404 / 500 / UI errors appear	High	High	
TC-JD-014	Job details page UI displays correctly	Job details page is open	1. Check layout and spacing	Layout is not broken, content aligned properly	Layout is not broken, content aligned properly	High	Medium	
TC-JD-015	Mobile view of job details page works	Job details page opened on mobile	1. Open job details on mobile screen	Layout remains readable and responsive	Layout remains readable and responsive	High	Medium	
TC-JD-016	Missing company logo handled gracefully	Job has no logo	1. Open job details	Placeholder or no broken image appears	Placeholder or no broken image appears	High	Low	
TC-JD-017	Long job description displays correctly	Job has long description	1. Scroll page	Text displays fully without layout breaking	Text displays fully without layout breaking	High	Low	
US-G-004: Access Information Pages (Guest User)								
TC-IP-001	Guest can open About page	User is on the website	1. Click "About" in header or footer	About page opens successfully	About page opens successfully	High	High	
TC-IP-002	About page loads without errors	About page is open	1. Observe page behavior	Page loads without 404 / 500 errors	Page loads without 404 / 500 errors	High	High	
TC-IP-003	About page content is displayed correctly	About page is open	1. Review page content	Platform description is visible and readable	Platform description is visible and readable	High	High	
TC-IP-004	Guest can open Contact page	User is on the website	1. Click "Contact"	Contact page opens successfully	Contact page opens successfully	High	High	
TC-IP-005	Contact page displays contact information	Contact page is open	1. Review contact details	Email / phone / contact info is visible	Email / phone / contact info is visible	High	High	
TC-IP-006	Guest can open Privacy Policy page	User is on the website	1. Click "Privacy Policy"	Privacy Policy page opens successfully	Privacy Policy page opens successfully	High	Medium	
TC-IP-007	Privacy Policy content is readable	Privacy Policy page is open	1. Scroll page	Policy text is complete and readable	Policy text is complete and readable	High	High	
TC-IP-008	Guest can open Terms of Use page	User is on the website	1. Click "Terms of Use"	Terms of Use page opens successfully	Terms of Use page opens successfully	High	High	
TC-IP-009	Terms of Use content is readable	Terms of Use page is open	1. Review terms text	Terms and conditions are visible and readable	Terms and conditions are visible and readable	High	Medium	
TC-IP-010	Info pages accessible without authentication	User is not logged in	1. Open About / Contact / Privacy	All info pages open without requiring login	All info pages open without requiring login	High	High	
TC-IP-011	Navigation between info pages works	Any info page is open	1. Navigate between About / Contact / Privacy	User can move between pages without errors	User can move between pages without errors	High	Medium	
TC-IP-012	Back navigation to previous page works	Info page is open	1. Click browser Back	User returns to previous page correctly	User returns to previous page correctly	High	Medium	
TC-IP-013	Footer/header links to info pages work	Website header/footer is visible	1. Click info page links	Correct pages open	Correct pages open	High	Medium	
TC-IP-014	Mobile responsiveness of info pages	Info page opened on mobile	1. View page on mobile screen	Layout remains readable and responsive	Layout remains readable and responsive	High	Medium	
TC-IP-015	Info pages load within acceptable time	Info page is open	1. Measure load time	Page loads within 3 seconds	Page loads within 3 seconds	High	Low	
TC-IP-016	Broken link handling for info pages	Broken link exists (if applicable)	1. Open invalid info page URL	Friendly error page or redirect is displayed	Friendly error page or redirect is displayed	High	Low
